## Benefits of Ownership

**The Vacation and Owner Services team is here to help you!**

Take advantage of several discounted benefits we offer exclusively to owners!

### **Bonus Nights and Bonus Weeks**

Bonus nights are a special way we like to thank our owners by offering the lowest nightly rates when availability allows! They can only be reserved by an owner on the deed and may only be used by immediate family: mother, father, sons, or daughters. Due to our flexible 24 hour cancellation policy and the fact that bonus night availability is based on excess inventory, we recommend that owners call as early as possible to ensure the highest chances of attaining them! Bonus Nights may be

requested a maximum of 30 days prior to the arrival date. If we do not have bonus night availability our owners can still book at the lowest cost using their hotel owner discount of 15%-25% off the best rental rate available (dependent on length of stay). Bonus night rates start as low as \$60 per night for a one bedroom and \$90 for a three bedroom. An extended bonus night program is also available that includes brothers, sisters and grandchildren for a small additional cost. Owners may book up to twelve bonus night per year per contract.

### **Maximize the Value of Your Week**

The Christie Lodge values your ownership, and we want to make sure that you are making the best possible use of your timeshare! For this reason, it is important to note that contract weeks may be booked up to 360 days prior to arrival through our reservation line at 888-214-5049, in person at the reservations office, or using the owners' website. Keep in mind that the most desired weeks go quickly, so booking as early as possible will ensure the highest chances of reserving your preferred week. The Christie Lodge's external exchange trading value is at an all-time high. Trading power can be affected by the week given and how far in advance the deposit is made, making it important to book as early as possible! Weeks may also be gifted or shared with your friends and family. To gift a week, please notify the reservations department and they will add your guest(s) to the reservation. **We are happy to welcome others for your week, please remember that weeks cannot be split between multiple paying guests.**

### **SCAM INFO: BEWARE/Attorney Scam**

Don't fall into this trap and pay upfront fees! Always call your resort first to see if there are solutions to your situation. Once again a scam has surfaced. Owners are being targeted with the lure of an easy upfront fee to exit their timeshare commitment and are told that an attorney can help get them out of their timeshare obligations. When an owner makes contact with the scam company, they are then instructed not to communicate with the resort and in some cases instructed to stop paying their

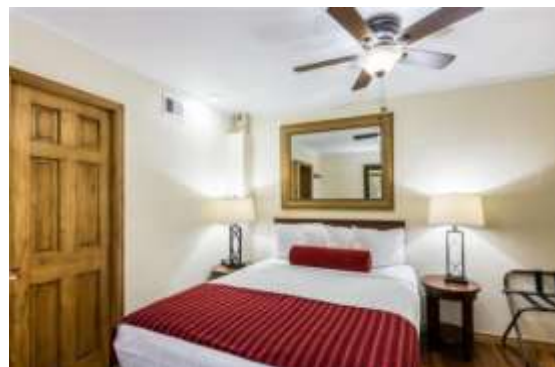

maintenance fees and/or mortgage. A red flag to this process is if the company asks you to fill out a "Power of Attorney" so that they can conduct business on your behalf. An attorney does not need a power of attorney to represent. These scams claim an attorney will work on your behalf to relieve you of all your timeshare obligations. Once this happens, the owner in many cases does not get help from the attorney and has paid legal fees that they cannot get back. Again, please call us if you have any questions.

## Property Updates

After 20 years of service, it was time to replace our roof. The new roof is a five layer fiber tech material that includes a rubber membrane. The flat part of the roof is white and the slanted roof that the public can see is dark gray with ribs that make it look like a metal roof. There will also be new drains and new mini sky lights.

Project Wow is making progress and is on schedule! To date, we have completed more than half of the suites. We are getting positive feedback from our owners on the upgrades and hope you are able to stay in one for your next visit. One of the key design upgrades was the ability to move the bed from against the wall!

## Sales Company

It was a sad day with the passing of Jamie Klein on January 25, 2018 in San Clemente, CA. Jamie was a marketing and sales entrepreneur for over 40 years and Jamie's company, The Lore Institute, was the driving force behind TruCation, our former timeshare sales company. Jamie and his team will be greatly missed, and we want to thank them for all their efforts over the last year and our thoughts and sympathy go out to his family.

We are happy to announce that Michael Heller, owner of MH Marketing Solutions Group with over twenty-five years of experience in the hotel and timeshare marketing, has recently partnered with us in an effort to help each and every one of our owners become educated and understand how the Interval International membership, Club Interval Gold (CIG) works and how they can enhance your ownership. MHMS Group has decades of experience in the industry. Starting in August, they will have representatives onsite at The Christie Lodge to educate owners on what CIG means to you. In the meantime, you are encouraged to contact the MHMS Group directly at **888-205-1164** or [info@clgogold.com](mailto:info@clgogold.com) to schedule a phone education session. You can also schedule a time and find more information at [www.clgogold.com](http://www.clgogold.com). We realize everyone

wants to know more about this change and how the MHMS Group will be utilizing all of their resources to contact and speak with each and every one of our valued owners as soon as they can.

## Owner Profile

Ted Langworthy was raised in Pasadena, California and graduated high school in San Marino where he was Valedictorian. Next was the U.S. Naval Academy (Annapolis) where he got a real taste of reality but somehow kept his head above water and graduated. During his second summer at the Academy, he was introduced to Naval Aviation and chose that path after graduation. Ted earned his "Navy Wings of Gold" and became a flight instructor in the T-28 aircraft at Pensacola, Florida. After that tour, he became an A/4 fighter/attack pilot and made three carrier cruises, one of which was on board the U.S.S. Enterprise to Vietnam where he was awarded the Distinguished Flying Cross, Eleven Air Medals, and the Navy Commendation Medal with a Combat 'V' for Valor. After departing the Navy, he went to a Delta Airlines cockpit for the next 29 years, 18 of those being in the left seat as Captain.

Prior to retiring, Ted moved to Kingsland, Texas in the beautiful hill country where he was co-owner of an Ace Hardware store and and built several homes. Ted has been a member of the Lions Club for 43 years, becoming president and named "Lion of the Year" in a club of over 200 members. Ted and his wife own three weeks at the Lodge and have enjoyed over 20 years of ownership. Ted is a current board member and volunteers for the Christel House Golf Tournament. All of his efforts are always appreciated by the management and staff.

## Christie Lodge Philanthropic News

In June, The Christie Lodge and Roundup River Ranch co-hosted the annual golf outing to raise money for two charities, The Christel House and our local charity of choice, Roundup River Ranch. One hundred percent of the proceeds were collected "fore" the children.

Christel House raises awareness to help children around the world shatter the cycle of poverty. The education, nutrition, healthcare, and life lessons provided by the Christel House schools, located in South Africa, Mexico, India, and the United

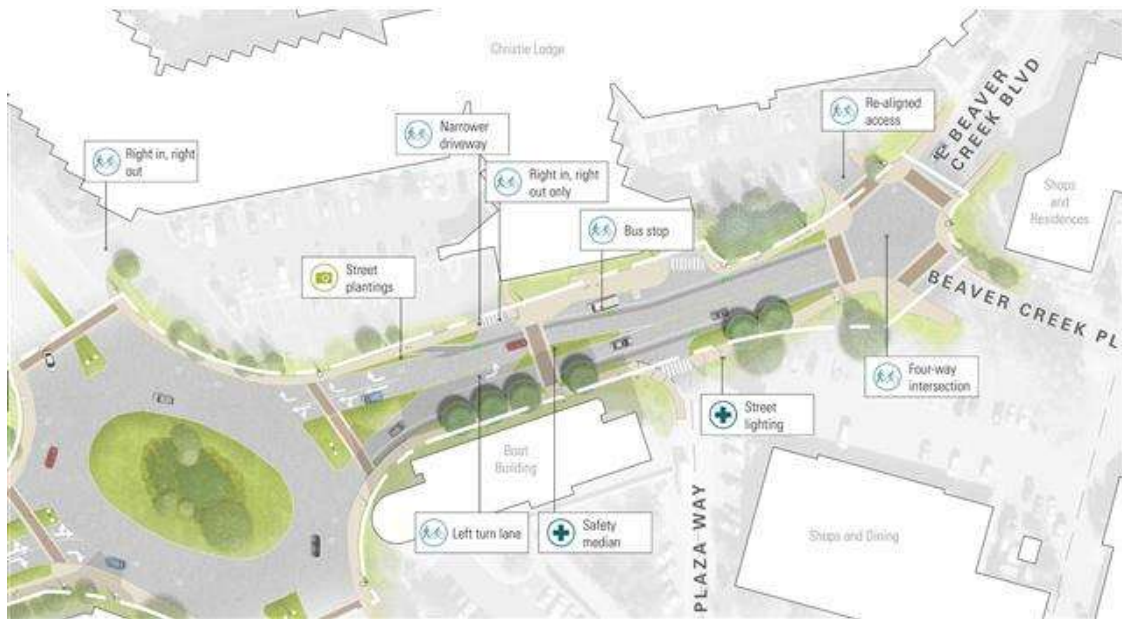

States, allow these children to become self-sufficient, confident, contributing members of society.

Roundup River Ranch is a camp founded by Paul Newman that provides children with life-threatening illnesses camp experiences with appropriate medical care that are fun, safe and empowering. Best of all, thanks to the generosity of caring supporters, the programs at Roundup River Ranch are offered free of charge to all campers and their families. If you haven't visited the camp you should. It's right down the road near Dotsero, Colorado.

The tournament is hoping to raise over \$60K in support of the kids! A big THANK YOU goes out to everyone that donated or participated in this event supporting these two meaningful causes.

## Town of Avon Street Project

The Town of Avon has taken its next significant action in bringing walkability, bike safety, parking and street scape improvements to the Town core.

The project includes more landscaping along the road and the goal of the project is to make the road more attractive to pedestrians. The medians will make it easier for pedestrians to cross the street, so they can cross one lane at a time.

The South approach to the Christie Lodge will have an entirely different look including a reconfiguration of the entrance. The project is scheduled for completion by September 2018.
